## Kings & Queens

*The unique way to pay for  
**Russ Williams**  
your after dinner  
speaker / entertainment.*

This is a simple idea based on the format from the original game of heads and tails. The game has been re-adapted by Russ Williams to include his unique blend of comedy and humour plus raise money and keep your guests smiling.

1. Once your guests are seated and before grace Russ will select a team captain from each of your guest tables. Once again this is done with humour and lots of laughs. The team captain will collect £5.00 from each of their table guests for their entry into the "**Kings & Queens**" competition. Once the money is collected the captains will deliver the money to a designated person. (Organiser, secretary etc).
2. Grace – Serve Starters.
3. After the first course has been cleared, ask the caterers to wait approx 15 minutes as its time to play "**Kings & Queens**".
4. Russ will explain the rules as follows:

I have 8 playing cards 4 Kings & 4 Queens. The cards will be shuffled. I will ask the audience to stand and make a visual selection on whether they think the top card will be a King or a Queen? After the audience has made their selection the top card will be revealed to show the King or the Queen. The audience members who have made the correct selection will remain standing and the losing members can sit down. This will continue until we have a winner!

## Questions & Answers

**Q. So how is Russ Williams our evening speaker / entertainment free?**

*A. For example the cost of your speaker / entertainer is £500.00 you need 100 guests playing "Kings & Queens" at £5.00 to generate £500.00. If your speaker / entertainment is more or less money just adjust the figures appropriately.*

**Q. But we only have 50 people sitting to dinner.**

*A. You can adjust the playing fee to £10.00 per person or keep it the same then you will have to make up the difference from the monies collected yourselves. I am simply offering you a way to book one of the UK's best speakers / entertainers free of charge.*

**Q. What does the winner collect?**

*A. If after collecting the entry fees you have money left over after paying your expenses, you can offer a cash prize. Or simply right from the start your organisation can put up a case wine, a bottle of champagne or perhaps a donated gift from one of your guests.*

**Q. Do we have to give any money to charity?**

*A. It is entirely your choice: if your club or organisation has already budgeted for the entertainment costs then this is a great way to generate funds for your chosen charity.*
