

Dear Russ

Once again you were "BRILLIANT"

Everyone loved the night; the phone has not stopped ringing for requests for tickets for the next event. It's quite amazing how you deliver great performances time after time; you had everyone crying with laughter.

I wouldn't and couldn't imagine having a dinner without you. You should be on Television on merit. I know you are a dear friend of mine but you were pure "CLASS"

Thank you so much
