Dear Russ

**Re Sportsman's Dinner 730pm Friday 26th October 2007 @ The Marquee, Bedford
Rugby Club, in aid of St Johns Hospice, Moggerhanger (part of Sue Ryder Care)**

Now the dust has settled & all the money counted I thought I would take the opportunity to write a quick letter of thanks. I had to do an article for Sue Ryder Care about the event & perhaps I could start by highlighting a couple of paragraphs that I put in that article which I hope serve as a suitable indictment of your work on the evening.

"Russ WILLIAMS was the consummate professional throughout. He took control from the start leaving me with very little to worry about".

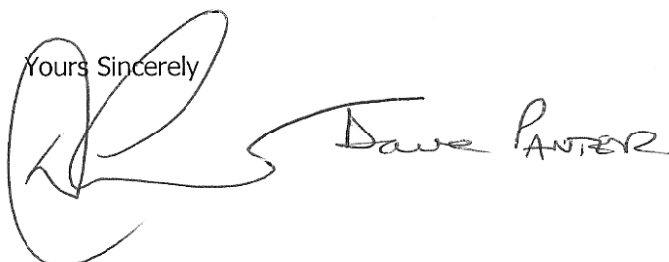

"The evening went fantastically well

The way he conducted the Kings & Queens game & the auction were outstanding and he was a riot throughout"

In short the evening seems to have been a resounding success realising over £5,100 for St Johns hospice. You will know Russ that I approached the evening with some trepidation because of the number of people attending. Just 125 in a venue that could comfortably hold well over double that number. As it was, thanks to your expertise I need not have worried. I have had nothing but praise since the event & much of that can be attributed to your efforts.

I do intend to organise a similar event in the not too distant future & if I am honest I know I would struggle to find anyone more professional & amusing than you. I would not hesitate to recommend Russ WILLIAMS. Once again many thanks

Yours Sincerely

Dave Panter
